NARRATIVE: On the 8th Sept. 2008, I received a crime line tip which indicated that a possible death was a result of a hazing incident. The incident was related to a fraternity, Alpha Phi Alpha. This incident is an active investigation by the Orange County Sheriff's Office under case #2008-85820. Due to the on going investigation by Orange County Sheriff's Office, only limited information can be released at this time. No criminal charges or investigations are currently occurring with UCFPD seeing that all actions related to this incident occurred off of university owned property. However, it is the recommendation of this agency that UCF's Office of Student Conduct complete a civil investigation into this incident.
