SG Statute or University Policy Violated

Election Statues, Title VI, Chapter 604.1, Section F

Description of Events which constitute a possible Violation

On February 21st, 2021, I witnessed Austin Wilson and Meg Hall attempting to bribe Gamma Phi Beta with the promise of building them a house on Greek Row. The fact that Meg described Austin's experience in housing, asking members of Gamma Phi Beta if they wanted a house, and stating comments like "we can do that for you" "we are the only platform that would be able to do this for you" and "I am a part of Greek Life and understand this problem," were used to promise members of Gamma Phi Beta that by securing their vote and Presidential win, they would be ensuring that Gamma Phi Beta has a house on Greek Row. This promise in exchange for their win I believe should be viewed as a bribe, and after they both had left several members of Gamma Phi Beta mentioned to me that they "couldn't wait for our new house" and that we "should vote for Meg and Austin so that we can get a house." These comments, combined with the fact that I had not seen any of Meg and Austin's platforms for Presidency mention this idea made me file this violation.
